

2018 NEVADA BUREAU OF MINES AND GEOLOGY ANNUAL EARTH SCIENCE WEEK FIELD TRIP

Sparkling or Still?
A Tour of the Geology from
Soda Lakes to Stillwater
Marsh, Nevada

Saturday, October 13th, 2018

Sign up at
<http://www.nbmj.unr.edu>
FREE!

Major stops on the field trip will include:

- ▶ Geothermal power plant
- ▶ Rainbow Mountain earthquake fault scarp
- ▶ "Nevada wonderstone" rockhounding locality
- ▶ "Big Dig" flood mitigation project
- ▶ A "young" (<1 million year old) volcanic cinder cone and lava flow complex overlooking Fallon
- ▶ Soda Lake volcanoes

Visit <http://www.nbmj.unr.edu> and follow the Earth Science Week link for details and sign-up form.

NBMG coordinates annual geology field trips for the public in conjunction with Earth Science Week. These field trips are fun, educational, family oriented, and always free. NBMG has been an active participant in Earth Science Week since it began in 1998.

University of Nevada, Reno
